CIRCULAR 11-2014

RVSM GMU MONITORING FLIGHT REQUIREMENT GUIDE FOR OPERATORS IN THE AFI REGION

1. The attached Power Point presentation provides flight guidelines for RVSM GMU Height Monitoring in the AFI region which should be available and understood by both the Aircraft Maintenance Organisation and the Operator prior to the flight taking place.

2. This Power Point presentation replaces the previous and outdated booklet version titled “Attachment 4 RVSM Monitoring in the AFI Region Guidelines 2009 REV0”

3. Queries relating to the Power Point presentation and its contents should be directed to the ARMA using email address afirma@atns.co.za
