CIRCULAR 12-2014

DRAFT PRPOSED TEXT HEIGHT MONITORING PLAN PER MONITORING GROUP

.

1. As part of an aircraft operator's application to a Civil Aviation Authority for RVSM Operations Approval the Aircraft Operator is required to provide a RVSM Height Monitoring Plan to meet the Standard contained in ICAO Annex 6.

2. Temporary Guidance Leaflet Number 6 Revision 1 titled, Guidance material on the approval of aircraft and operators for flight in airspace above flight level 290 where a 300M (1,000FT) vertical separation minimum is applied, refers to the height monitoring plan in paragraph 11.3.(h) and 11.6.

3. The ARMA is periodically requested to explain the format of the height monitoring plan together with a proposed text as this is not contained in TGL 6. The attached text is a draft proposal which can be considered as is or for adaptation to meet the needs of the application.

4. In some cases various Civil Aviation Authorities might require a different format to meet the needs of the States Aviation Legislation and this should then take precedence.

5. RVSM Height Monitoring enquiries should be directed to afirma@atns.co.za
