Action Plan Development Workshop

Presented to: Operational Data Link Workshop

By: Juanita M. Kennedy, Program Manager (FAA Air Traffic Organization)

Date: 11 August 2016

Objective

- Work together
- Develop draft PCBS Implementation Plan
- Have fun

Agenda

- Key Concepts
- Key Questions
- Desired Outcome
- Leadership at All Levels

Key Concepts

- Ownership
 - Your plan
 - Creation creates partnership
- Mindset
 - Planning approach
 - Top down/Bottom Up
- Agreement
 - Governance level
 - Implementation level

Key Questions

- What do we want to do?
- By when?
- What will it take?
- Who will help?
- What are the potential problems?
- Mitigations?

Desired Outcome

- Draft Plan

- Create Visual Representation of Plan

Leadership at all Levels

- Distributed leadership means that people at all levels have the ability to:
 - engage other people
 - inspire them to share the vision for the future
 - empower them to take responsibility for making it happen

BackUp

Neighborhood Questions

- Do we have the same or compatible systems?
- Are the processes known?
- Do we share processes?
- What forum can we create to enable this?
