

AIRSPACE OPERATIONS AND AOP PROJECTS (Prioritized by JMAASG)		
Project No.	Projects	Priority
AIR SPACE OPERATIONS PROJECTS		
A1	PBN Airspace Concept (Airspace Design)	1A
A2	AFI Optimized Route Trajectories and Airspace (AORTA)	1A
A3	AFI SSR Code Allocation and Assignment Review (ASCAA)	1A
A4	ATS Competency Study	1A
A5	Contingency Planning and Operational Coordination (CPOC)	1
A6	Assistance on State Safety Programme Implementation (ASSPI)	2
A7	Operational Requirements for CNS (OPREC)	1A
A8	NAVSPEC and Separation Minima Transition (NASMIT)	1
A9	Civil/Military Cooperation & FUA Seminar/Workshops	2
A10	RVSM & Operational Safety in ATS	1A
AERODROME OPERATIONS PROJECTS		
G1	Training and qualification of Technical staff (Regulators & Airport operators)	A
G2	Aerodrome data management (determination, reliability and publication)	A
G3	Aerodrome Rescue and Firefighting Services (RFFS)	A
G4	Aerodrome Emergency Planning (AEP), including Public Health Emergencies	A
G5	Wildlife, Environmental & Land use Management/ Obstacle Control	A
G6	Implementation of Runway safety programmes at aerodromes	A
G7	Aerodrome Maintenance and Runway Conditions Reporting	A
G8	Aerodrome Certification (SMS implementation, regulatory framework and operator documentation)	A
G9	Establishment and implementation of A-CDM	B
