12 March 2024

**Subject: Workshop on Volumes I and II of the Air Navigation Plan and the management of the Air Navigation Deficiencies for English speaking States, Dakar, Senegal, from 22 to 26 April 2024**

**Action required: Reply to confirm participation preferably by 30 March 2024**

Sir/Madam,

Your Administration/Organization is kindly invited to participate in the Workshop on Volumes I and II of the Air Navigation Plan and the management of the Air Navigation Deficiencies. The workshop is intended for English speaking States and will take place in Dakar, Senegal, from 22 to 26 April 2024.

You may recall that the APIRG/26 Meeting commended the operationalization of the software platform developed for the AFI Air Navigation Deficiencies Database (AANDD) to improve the management of the Air Navigation deficiencies. However, the Meeting noted persistent low pace of identification, notification, management, and reporting on Air Navigation Deficiencies by States/Organizations through the new AANDD management platform and urged that on-site sensitization seminars on the use of the AANDD be organized for the Focal Points and APIRG Subject Matters Experts. The Secretariat was also called upon to continue to assist States/organizations, as necessary, in identifying and managing air navigation deficiencies.

In view of the above, this workshop will provide an overview on the Global Navigation Plan (GANP) and the Regional Air Navigation Plan (RANP), review the AFI eANP Volumes I and II and cover matters related to the management of air navigation deficiencies. The provisional work programme of the workshop is provided as attachment to this letter. Activities will be conducted in the English language.

Participants are invited to complete the online registration form available at <https://icao.zoom.us/meeting/register/tJMtd-uspjsuGdWeb4sQ2TiKxZEPKUNIGiMF> preferably not later than **30 March 2024**.

Please accept, Sir/Madam, the assurances of my highest consideration.

Prosper Zo'o Minto'o  
Regional Director
