

Please find below helpful information on the Novel Coronavirus and tips to help you plan your trip to Bangkok, Thailand and what is available once you are at the ICAO Conference Center:

The ICAO APAC Office is reinforcing the sanitary etiquette at its premises. Therefore, meeting participants are urged to frequently wash their hands with soap and use alcohol based sanitizers which are being provided at the entrance of the ICAO premises and the Conference Center. Face masks are available upon request and meeting participants who develop any signs of cold-like symptoms during the meeting are strongly encouraged to use them.

Meeting participants are also advised to consult the latest news with regard to the Novel Coronavirus outbreak issued by the Ministry of Public Health of Thailand at the following link <https://ddc.moph.go.th/viralpneumonia/eng/index.php>

Information Note on the Novel Coronavirus for Meeting Participants

Please read the [Novel Coronavirus Prevention Recommendations issued by the United Nations Medical Directors](#)
If you are experiencing fever, cough and difficulty breathing and have recently travelled to or are a resident in an area where 2019-nCoV has been reported, seek MEDICAL CARE IMMEDIATELY if you begin to develop fever or respiratory symptoms such as shortness of breath or cough.
