

Welcome to Session 7

The Way Forward

Moderator Wayne Chapin

What we have heard.....

Over these two days we have benefitted from the collective knowledge of experts from around the world presenting on all aspects of runway safety.

What we have heard.....

- **Managing the Risks - The Need for Collaborative Approach**
- **Runway Safety Team and Stakeholder Involvement - collaboration between all parties**
- **Hazards and Mitigation Strategies**

What we have heard.....

- **Available Technologies — Pilots, Airports, Air Traffic Control**
- **Runway Safety Team Experience and Challenges**
- **The Malaysian RST Experience “Inception to Implementation”**

Session 7 - The Way FORWARD.....

Some questions we must consider:

- * Where do we go from here?**
- * What actions can we each take to improve runway safety?**
- * What actions do we need to take to establish runway safety teams.**

Session 7 - The Way FORWARD.....

- * How can runway safety teams be supported in the region?**
- * How can we identify expertise to contribute/ mentor/assist RST functioning.**
- * Importantly: how do we measure our progress?**

Now to Our Panel.....

Please let me introduce the panel of distinguished speakers.

The Way Forward.....

- **So there you have it.**

The Way Forward.....

- **So let's keep the momentum going....**
- **Let's use the knowledge and tools we collected during this Seminar to continue to create or build our RSTs.**

Thank you.....
