**SEVENTEENTH MEETING OF THE METEOROLOGY  
SUB-GROUP (MET SG/17) OF APANPIRG**

Bangkok, Thailand, 13 – 16 May 2013

---

**Agenda Item 8: Update on ROBEX Handbook and ICD**

**UPDATE ON ROBEX HANDBOOK**

(Presented by Indonesia)

**SUMMARY**

This paper presents updates required to the ROBEX Handbook as provided by Indonesia.

**1. Introduction**

1.1 The ROBEX Handbook twelfth edition 2004 (amended February 2013) includes listing of 25 Indonesian aerodromes in Appendix A, ROBEX Collection and Dissemination of METAR (SA) Bulletins. All 25 aerodromes are listed as issuing METAR for the full 24 hours with Bulletin times HH+00 and HH+30.

1.2 Indonesia presented the availability of OPMET data listed in FASID table MET 2A for Indonesian aerodromes at OPMET/M TF/10 and provided updates at ROBEX WG/11. Updates were provided to change the availability of OPMET data from F – Full to P – Partial for some aerodromes in Indonesia. This amendment was proposed according to aerodrome operational hours and national regulation.

**2. Discussion**

2.1 Noting the importance for the ROBEX Handbook tables to be kept harmonized with the FASID Tables MET, this paper proposes amendment to the ROBEX Handbook, **Appendix A**, regarding ROBEX Collection and Dissemination of METAR (SA). Amendments are proposed as contained in the Appendix A to this paper.

**3. Action by the Meeting**

3.1 The meeting is invited to:

- a) note the information contained in this paper; and
- b) discuss the proposed update to the ROBEX Handbook

-----

### Appendix A

Revision proposed in ROBEX Handbook, Appendix A
