WP/9 Agenda Item 5

**Update on
Regional Capacity Building Action Plan**

Presented by
APRAST Capacity Building Task Force
APRAST/9

Background

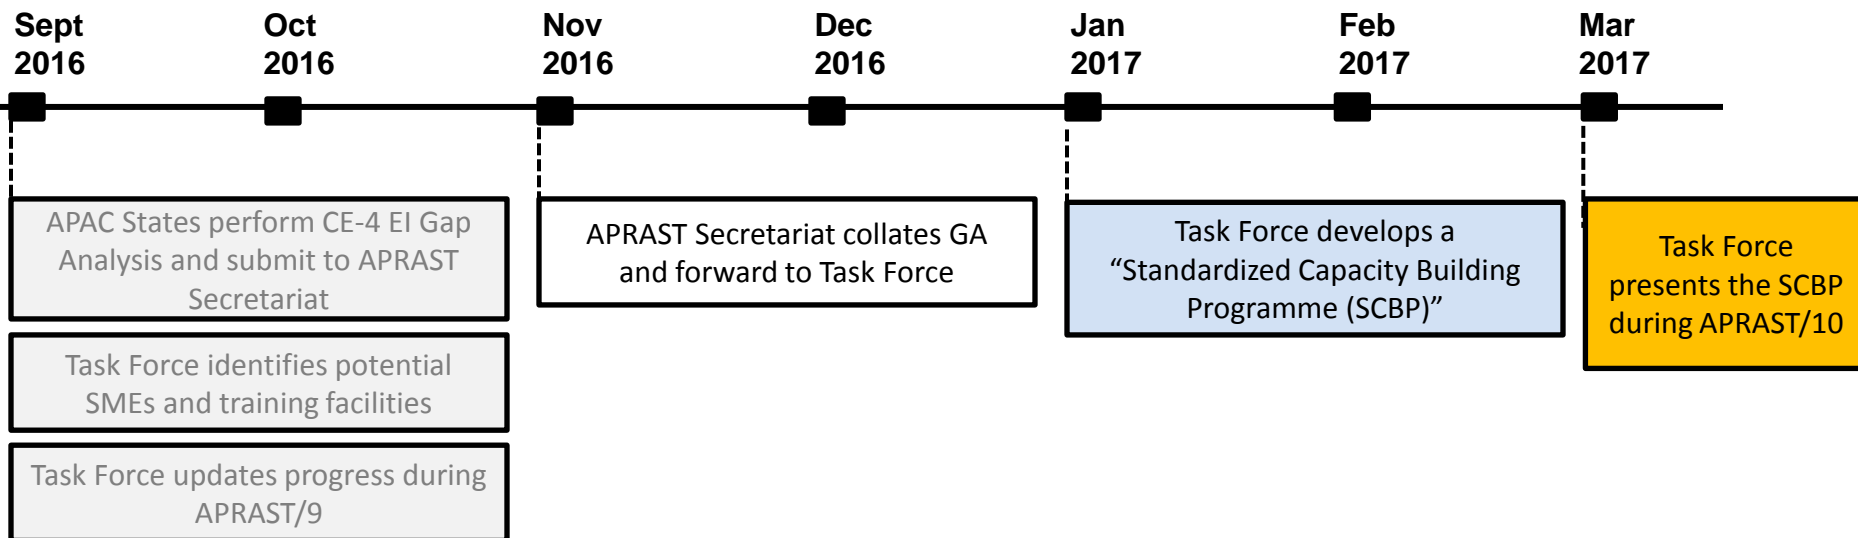

- ➔ The Capacity Building Task Force was formed in March 2016 to assist APAC Member States / Administrations in building up the necessary safety oversight capabilities, particularly in the critical element CE-4 “qualified personnel”.

Regional Capacity Building Action Plan

- ➔ RASG-APAC/6 Meeting welcomed the initiative and approved the proposed action plan.

Regional Capacity Building Action Plan

CE-4 EI Gap Analysis

- ➔ A CE-4 gap analysis questionnaire issued to APAC Member States/Administrations via State Letter T 6/8.1-AP101/16 (FS) dated 16 September 2016.

Scope of the Questionnaire:

- (a) Training Programme and Training Plan
 - (b) SMS and SSP Training
 - (c) Training Records
- ➔ Information from the ICAO integrated Safety Trend Analysis and Reporting System (iSTARS) will also be used to better understand and identify specific training requirements.

Potential Training Facilities & SMEs

- ➔ Identify training facilities that could potentially provide the necessary recommended trainings as reflected in the SCBP.

- ➔ Identify subject-matter-experts (SMEs) who could provide expert assistance to APAC Member States/Administrations.

- ➔ Areas of training and assistance
 - OPS, AIR, AGA, ANS, PEL, AIG, SMS, SSP and Others

Recommendation

- The Meeting is invited to note the update on the progress of the regional capacity building action plan
- States/Administrations that have yet to complete the CE-4 gap analysis questionnaire are requested to complete it as soon as possible.
