1. INTRODUCTION

1.1. The *APIRG Procedural Handbook* is a publication adopted by APIRG. It is intended to provide, for easy reference of all interested parties, a consolidation of material, particularly of a procedural nature, relevant to the work of the APIRG and its contributory bodies. It contains the terms of reference, working arrangements, internal instructions, rules of procedures for the conduct of the meetings of APIRG and its contributory bodies, as well as the uniform methodology for the identification, assessment and reporting of air navigation deficiencies.

1.2. The last edition of the Procedural Handbook was published in June 2001. While some updates have been undertaken to the Handbook from time to time, the last significant amendment to it was effected in 2005.

2. DISCUSSION

2.2. The proposed consequential changes mainly include the following:

- a) Amendments to existing provisions to align them to adopted reorganization;
- b) Improvements to existing provisions for purpose of clarity and enhanced guidance;
- c) Additional provisions to reflect the newly adopted working methods;
- d) Amendments to the Appendices to the Handbook, including:
 - (i) Information on Member States and Designated Representatives
 - (ii) List of AFI Provider and User States;
 - (iii) List of other regional bodies dealing with civil aviation matters in the Region; and
