AFI Region	PROJECT DESCRIPTION (DP)	DP N° AFI AIM/5	
Programme	**Title of the Project**	**Start**	**End**
AIM **ICAO Programme Facilitator: RO/AIM**	AFI AIM/4: Implementation of Aerodrome mapping data sets and Instrument flight procedure data sets Project coordinator: TBD Experts contributing to the project: Experts from States and Organizations **Team Member: TBD**	**1/12/2022**	**31/12/2024**
Objective	Develop necessary assistance documents and tools and assist States in the implementation of Aerodrome (AD) mapping data sets and Instrument flight procedure (IFP) data sets.		
Scope	The scope of the project contemplates the identification and development of documents and tools needed to assist States in implementing Aerodrome mapping data sets and Instrument flight procedure data sets and conduct assistance to beneficiary States.		
Metrics	- Number of States that provide AD mapping data sets - Number of States that provide IFP data sets		
Goals	- Develop assistance documents and tools for AD mapping and IFP data sets implementation - Assist States in the implementation of AD mapping and IFP data sets		
Strategy	Project activities will be coordinated among project team members, the Project Coordinator, and the Programme Facilitator, mainly through teleconferences (Virtual meeting application). Seminars/workshops/meetings are scheduled in accordance with work programme activities. The Project Coordinator will coordinate with the Programme Facilitator for the inclusion of additional experts, if warranted by the tasks and work to be performed. Coordination will take place between States in AFI Region and Stakeholders. Once the assistance documents and tools are developed and validated, assistance missions will be conducted to beneficiary States. The beneficiary States shall be selected based on their eligibility and voluntary engagement to fund the assistance mission. The eligible States shall be those who have a Quality Management System in AIM in place and have an AIXM database. The results of the work done will be presented to the APIRG Infrastructure and Information Management Sub-Group (IIM/SG) by the Project coordinator.		
Rationale	Assist States in the implementation of AD mapping and IFP data sets
