(Presented by the Secretariat)

SUMMARY	
This working paper presents a proposal to request the RDs ESAF and WACAF to establish a small Group to work remotely to study the feasibility of combining APIRG and RASG-AFI into a single entity in the future.	
The action by the Meeting is in paragraph 3.	
Strategic Objective	This working paper relates to the Strategic Objectives A, B, C and E.

1. INTRODUCTION

1.1 With the experience gained by hosting the APIRG and RASG AFI back-to-back, the meeting agreed that in view of the high number of common areas and subsequent coordination layers, it may be necessary to establish a small group to study the feasibility of combining APIRG and RASG-AFI into a single entity in the future, as discussed in 2019 during APIRG/22. The meeting recalled that this is case of the NAT/SPG, and the EANPG and RASG-EUR followed a similar process with the establishment of the EASPG.

2. DISCUSSION

2.1 The meeting recalled that the Council established Terms of Reference serve as a global basis for PIRG/RASG operations which may be further expanded by each PIRG/RASG, as required, to maintain the flexibility and efficiency of their work.

2.2 The meeting recalled that if additional terms of reference are adopted by a PIRG/RASG it must be approved by the President of the Council and be included in the relevant PIRG/RASG Handbooks as a PIRG/RASG specific supplement.

2.3 It is proposed that a small group consisting of PIRG and RASG members will work remotely under the leadership of the PIRG and RASG Secretary and in close coordination with the Chairpersons to study the feasibility of combining APIRG and RASG-AFI and submit their findings to the next meeting of the groups for consideration, through the APCC and RASC.

2.4 The Meeting agreed that should this be feasible, the soonest it can be introduced will be at APIRG/27 and RASG-AFI/10 in November/December 2024.

THE MEETING IS INVITED TO:

Request the RD’s ESAF and WACAF to establish a small Group to work remotely study the feasibility of combining APIRG and RASG-AFI into a single entity to be considered by the APCC and RASC in July 2023 and report to APIRG/26 and RASG-AFI/9 in November/December 2023 for consideration.
