The following circular is hereby promulgated by the Somali Civil Aviation Authority (SCAA) of Federal Government of Somalia, for information, guidance and necessary action.

Ahmed Moallim, Ag. Director General

Closure of Somali Airports Due to Coronavirus Epidemic

Somalia Civil Aviation Authority has given directives to all international flights inbound to Somalia that all international flights will be suspended due to the outbreak of Coronavirus (COVID-19).

It has become necessary to protect our region from this epidemic on which Somali Civil Aviation Authority would request both the cooperation of all international airlines and the coordination of all civil aviation authorities.

In response to that Somalia Civil Aviation Authority has suspended temporarily all flights (both PAXs and Cargo including Miraa) crossing international borders inbound to all airstrips in Somalia including below listed international airports with effect from **19 Mar 2020 until 02 Apr 2020** (REF. attached NOTAM A0026/20).

1. HCMM (Aden Adde International Airport)
2. HCMH (Egal International Airport)
3. HCMF (Bossaso International Airport)
4. HCMI (Berbera International Airport)
5. HCGR (Garowe International Airport)
6. HCMK (Kismayo International Airport)

This restriction applies to all Somali Airstrips without exception.

Apart from that Somali Civil Aviation Authority will issue special permit for Humanitarian cargo flights with no passengers onboard. This flight should carry proof that they have been sanitized at the point of departure.

The Somali Civil Aviation Authority avails itself of this opportunity to renew the assurance of its highest consideration to all civil aviation authorities and airlines.

Note: The purpose of this circular is to bring the above requirement to the attention of all airlines and their agencies and hereby request immediate compliance.
