Subject: Follow up of APIRG/23 Conclusion 23/18: Effective and efficient coordination of the IIM Projects activities

Dear Sir/Madam,

I wish to inform your Administration/Organization that the English version of the report of the Twenty Third Meeting of the AFI Planning and Implementation Regional Group (APIRG/23), which was held virtually from 23 November to 2 December 2020 has been uploaded on the ICAO WACAF and ESAF Regional Office common Webpage at: <https://www.icao.int/ESAF/Pages/apirg23-and-rasg-afi6.aspx>. I specifically wish to refer to Conclusion 23/18 on the Effective and efficient coordination of the IIM Projects activities.

Conclusion 23/18 states as follows:

APIRG/23 Conclusion 23/18: Effective and efficient coordination of the IIM Projects activities

That, in order to efficiently contribute to the APIRG IIM projects activities and to ensure their timely completion:

- a) the Secretariat distribute the projects survey questionnaires by 31 January 2021; and
- b) States respond to the survey questionnaire before 31 March 2021; and continuously take the necessary measures for the effective and active attendance of their experts in the APIRG IIM Projects activities

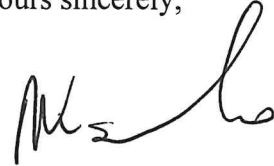

In this regard the subject projects survey questionnaires are to be completed by your Administration/Organization and transmitted to the PTCs with a copy to the Secretariat. The contact details of PTCs can be downloaded from the ICAO public website: (<https://www.icao.int/ESAF/Pages/IIM-SG-Questionnaires.aspx>).

I take this opportunity to remind you of the lack of information and reporting on States current status of implementation of APIRG conclusions, decisions and progress made in Projects implementation. This has resulted in missed opportunities to identify gaps and deficiencies in the objective to develop and conduct the mitigation measures.

...2/

Kindly complete the questionnaires by **23 March 2021**, being the deadline set by APIRG/23 on the actions taken, or planned to be taken, by your Administration/Organization regarding the effective implementation of Conclusion 23/18.

Yours sincerely,
