EAST AFRICAN SCHOOL OF AVIATION

EAC DESIGNATED REGIONAL CENTRE OF EXCELLENCE

BY

DR MUGAMBI M’NCHEBERE, BCOM, MBA, PhD
DIRECTOR, EASA
Aviation industry supports over 58 million jobs and contributes USD 2.4 trillion to the world economy.

A third of all global trade by value is sent by air.

Aviation Industry is a key driver of globalization.

Globally there is net growth of the industry driven by Asia Pacific and Middle East markets.

Africa is third in the growth index though her contribution is limited.

In Kenya, the aviation industry is recording dramatic growth due to expanding regional and global trade.
Though the aviation industry has grown in Africa in general and particularly in Kenya, Africa still lags behind other regions of the world.

Empirical studies have adduced three challenges that have stifled development of the industry in Africa; a) safety b) infrastructure c) human resource.

Low safety standards and deficit of human resource capacity can be addressed through aviation training.
ICAO training policy Ref: EB 2013/54 which took effect on 1st January, 2014 identifies the following training schools as ICAO-GSI endorsed training centers or TRAINAIR PLUS:

1. East African school of aviation, Nairobi, Kenya (EASA);
2. Aviation Training Academy (ATNS), Johannesburg, South Africa;
3. Ecole Africaine de la Meteorologie et de l’Aviation Civile (EAMAC), Niger;
4. ERNAM, Dakar, Senegal
THE EAST AFRICAN SCHOOL OF AVIATION (EASA)

• Training directorate of KCAA established in 1954.
• KCAA is a body corporate established in 2002 through Civil Aviation Act of parliament, repealed in 2013.
• Mandate of KCAA (part II sec 6) is to economically and efficiently plan, develop and manage civil aviation in Kenya as well as regulate and operate a safe airspace.
• Civil aviation act part II sec 7 t mandates KCAA to establish training institutions with the purpose of training personnel in aviation.
• Civil aviation act 2013 sec 20 f mandates DG to establish a school or schools to train for the aviation Industry.
EASA VISION AND MISSION

- Vision- To be a preferred aviation centre of excellence providing world class training.

- Mission- Effectively offering quality training that meets the needs of the global aviation industry by optimally leveraging resources.
PROGRAMMES AT EASA

- Air traffic services
- Aeronautical information services
- Communication navigation and surveillance equipment maintenance
- Aeronautical engineering & aircraft maintenance license training
- Aeronautical communication operations
- Aviation safety and security training
- Aviation management
ACCOLADES

- KCAA Approved Training Organization (ATO)
- ICAO TRAINAIR PLUS full member since 24th September, 2012
- An ICAO Aviation Security Training Centre (ASTC)
- ISO 9001:2008 certified
- Technical Industrial and Vocational Training (TIVET) institution
- IATA partner
- Northern Corridor Centre of Excellence
AFFILIATES AND COLLABORATIONS

- Kenya Civil Aviation Authority (KCAA)
- Ministry of Education of Education
- International Civil Aviation Organization (ICAO)
- IATA
- ASTC Network
- KETISA
- AATO
- Moi University
- Singapore Aviation Academy
FACILITIES AND PHYSICAL INFRASTRUCTURE
EASA swimming pool

Administration block
Training aircraft – Nord26

Engineering block
THANK YOU VERY MUCH
INDEED
