

INVENTORY ON REGIONAL EXCHANGE OF GAMET AND GRAPHICAL PRODUCTS TO SUPPORT LOW-LEVEL FLIGHTS

The table contains

- Column 6 - GAMET issued in accordance to Annex 3, Appendix 5, Table A5-3 (**indicate WMO AHL e.g. FAOS51 LOWW**)
- Column 7 – GAMET distribution (**indicate method – e.g. AFTN**)
- Column 8 - Area forecasts for low-level flights in chart form – low-level SIGWX forecasts – in accordance to Annex 3, Appendix 5, 4.3.2 (**indicate WMO AHL**)
- Column 9 – low-level SIGWX forecasts distribution (**indicate method – e.g. bilateral exch. & website**)
- Column 10 - Area forecasts for low-level flights in chart form – upper-wind and upper-air temperature charts – in accordance to Annex 3, Appendix 5, 4.3.1 (**indicate WMO AHL**)
- Column 11 – distribution of upper-wind and upper-air temperature charts (**indicate method – e.g. bilateral exch. & website**)
- Column 12 - indicate States where GAMET and/or area forecasts for low-level flights in chart form are exchanged cross-border (**indicate State(s)**)
- Column 13 – remark

Please note that examples were provided by Austria, Romania and Sweden

Please note that the WMO AHL beginning with Q (pictorial information regional (Binary coded)) may be reviewed if different practices are observed
