

# Discussion

- What have we learned so far from the COVID and other crises?
- What do we need in Europe to be better prepared for a future crisis?
- Are the current European arrangements for crisis coordination and response sufficient?
- How to enhance the overall resilience of air transportation against future crises?
- What are the new competencies, skills and knowledge required to anticipate the events and contain future crises?

ICAO PARIS UNITING AVIATION

# Joint ICAO EUR/NAT DGCA and EASA Conference on Crisis Coordination and Response: Lessons learnt and next steps

29 September 2021
