The main objective of survey:

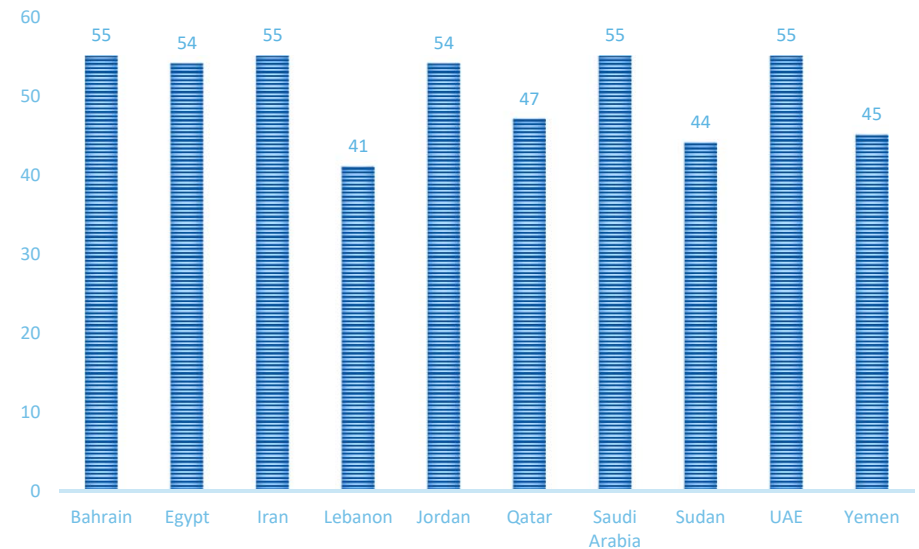

As agreed in MIDANPIRG SG meetings, ICAO MID developed specific survey to gather required information and comments to update MID Air Navigation Strategy (ICAO MID DOC 002) before ASBU symposium and MIDANPIRG/18 to consolidate the out comes of MIDANPIRG SG and reply received from the member States.

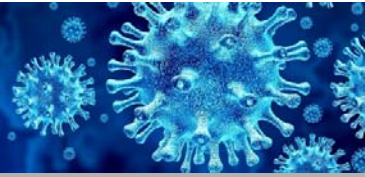

ICAO MID survey

- ICAO MID developed the Questionnaire on ASBU Threads-Elements developed and circulated a questionnaire (SLAN1/7.1-20/248 on 17 Dec 2020) to acquire States' inputs regarding the status of implementation and/or plans for each ASBU Thread/Element;
- The questionnaire consisted of two parts :
 - ASBU Threads and Elements (covered 15 Threads, 35 Elements through 55 (14 key questions with several sub questions))
 - KPIs (as agreed, covered 4 KPIs (1, 2, 13 & 14) through 6 questions)
- The questionnaire has received medium to high response rate. 10 responses have been received from the 15 MID Member States, which makes a 66 % regional response rate.
- Until 18 Jan 2021, the following reply received from the States:
 - ASBU Threads and Elements questioner: 10 states out of 15 (Bahrain, Egypt, Iran, Lebanon, Jordan, Qatar, Saudi Arabia, Sudan, UAE and Yemen)
 - KPIs: 6 states out of 15 (Iran, Jordan, Qatar, Saudi Arabia, UAE and Yemen)

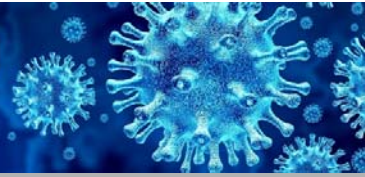

REPLY STATUS

Issues:

- Questioner was developed based on easy and certain reply manner to avoid misinterpretation.
- Some States did not answer some question(s)
- Some answers are in conflict with other(s)
