A nurse will be on duty at that location from 08:30 to 16:30 hours for the duration of the Assembly. Participants seeking medical attention can obtain from their hotel management the location and telephone number of a doctor in their hotel or nearby.

The Assembly lapel badge, which is issued to each participant upon registration, will serve as building security pass and permits access to the Conference Centre. Yesterday's meetings**First Meeting of the Administrative Commission**

The Administrative Commission held its first meeting, which commenced at 0850 hours on Thursday, 30 September 2010 with Dr. N. Zaidi (India) as its Chairman. The President of the Council opened the meeting. Officers of the Secretariat were introduced by the Secretary of the Commission.

Mr. Pierre Pape (France) and Ms. Dolores Jimenez (Mexico) were appointed as First Vice-Chairman and Second Vice-Chairman, respectively after being nominated by Argentina. Both nominations were seconded by Canada.

The President of the Council, Mr. Roberto Kobeh González, in his introduction to the Commission of the Draft Budget for 2011, 2012 and 2013, provided a comprehensive overview of the factors that influenced the formulation of the Draft Budget. In his statement he placed special emphasis on the fact the Budget was built on three (3) Strategic Objectives: (1) Safety, (2) Security and (3) Environmental Protection and Sustainable Development of Air Transport, thus giving it a sharper focus than previous budgets. In his statement he confirmed that this is the first Budget that is IPSAS compliant. He also highlighted that the Split Assessment introduced in 2010 would continue in the next Triennium.

The President of the Council went on to commend the collaborative effort between the Secretariat, Finance Committee and the Council on the formulation of the Budget.

The Chairperson noted that no Delegations had volunteered for either the Budget Working Group or the Contributions Working Group. Many Member States view the Budget Working Group as redundant due to the fact that after extensive discussions agreement had been reached on all parts of the budget between the Secretariat and the Council. It was, therefore, proposed that these Working Groups should be eliminated. Many Delegations supported this and commented that this would increase the efficiency of the Commission's work. Consequently, all previously scheduled meetings for the Budget Working Group and Contributions Working Group have been cancelled.

Items 63 through 75, assigned to the Commission, were discussed.

The meeting ended at 1145 hours.

Since all Commission items were discussed in today's meeting, the meetings scheduled for **Friday, 1 October at 0900 hours and Saturday, 2 October at 0230 hours have been cancelled.**

The Second meeting of the Commission will be held on Tuesday, 5 October at 0900 hours.

Second Meeting of the Economic Commission

At its second meeting held at 1400 on Thursday, 30 September, the Economic Commission examined and completed consideration of Agenda Item 52: Facilitation, with discussion focusing on developments in the Facilitation and Machine Readable Travel Document Programmes since the last Assembly (WP/72 presented by the Council of ICAO) and on the need for global standards, specifications and interoperability of eVisas (WP/136 presented by UNWTO), as well as Information papers 257, 254, 287, 253 and 286.

The Commission completed its consideration of Agenda Item 51: Consolidated statement of continuing ICAO policies in the air transport field, by considering WP/20 (presented by the Council of ICAO) and approving a resolution attached thereto as amended.

The Commission also completed its consideration of Agenda Item 54: Other issues to be considered by the Economic Commission, on the basis of WP 312 (presented by Cuba) and Information paper 215. The working paper 242 was presented under Any Other Business.

The Commission was informed that the meeting scheduled for Friday, 1 October 2010 has been cancelled. The next meeting of the Commission will take place on Monday, 4 October 2010 at 0900 and will continue that same day in the afternoon as previously scheduled.

Third Executive Committee Meeting

At its Third Meeting, held on 30 September, at 0900 hours, the Executive Committee resumed and completed its consideration of Agenda Item 13 (Aviation security). Two papers were submitted for information: WP/117 (India) and WP/241 (ACI). Also for consideration under part two of this agenda item was WP/262 (International Aviation and Climate Change – Proposal for Assembly Resolution), presented by the Secretary General. Special philatelic envelope

On the occasion of the 37th Session of ICAO Assembly, a special philatelic envelope will be issued as shown below, the postmark of which was prepared in cooperation with Canada Post Corporation.

Some particularities of this cover need to be highlighted:

1. The stamp is a first, since this is the first time in history that the emblem of the Organization, as represented on its flag, is depicted on a postage stamp.
2. The text is printed in green, referring to one of the main topics of discussion during this Session of the Assembly, i.e. the environment. On the other hand, the central part of figure 37 is designed from a selection of drawings by children submitted during the competition on the theme of Aviation in a Green Environment, held at ICAO in 2009 for the World Environment Day.
3. The bottom frame commemorates the 100th anniversary of the first flight over Montréal by Count Jacques de Lesseps on 2 July 1910 with his Bleriot XI named "Le Scarabée", during the first-ever air show held in Canada.

This exceptional cover can be purchased for Can\$5.00 from the Staff Association boutique, located at level A in the Conference Centre, during the Assembly. This scarce cover has been printed in limited quantities (First come, first served); maximum two covers per buyer. However, additional covers with the regular Canadian stamp will also be available at the Boutique at Can\$3.00.
