1. INTRODUCTION

1.1 The proposed Organization Plan for the Division is presented below. The plan is based on the establishment of a Plenary and two deliberative committees ("1" and "2") to deal with working papers presented under the related agenda items. No committee will be meeting while the Plenary is in session.

1.2 The Plenary's main task will be to consider recommendations of the Division to amend Annex 9 ("A"-type recommendations) as well as other recommendations ("B"-type recommendations) proposed by the two deliberative committees, in addition to considering item 1 of the Agenda.

1.3 Passenger matters will primarily be assigned to Committee 2. All other matters, including security-related subjects, the entry and departure of aircraft and general aspects of Agenda Item 7, will initially be assigned to Committee 1. This will result in the following allocation of assignments:
