Mr. Robert J. Aaronson, Director General of ACI  
Mr. Geoffrey Lipman, Special Adviser to the Secretary General, UN WTO  
Dr. Taieb Chérif, Secretary General, ICAO

### PURPOSE

To provide a global forum for States to share liberalization experiences, exchange information and views on trends and issues; and to learn about different policy options and approaches to liberalization.

### THE PROGRAMME

The programme will cover current, topical and practical issues in the liberalization of international air transport regulation, to be addressed by prominent speakers and panelists from a cross-section of States and interested parties with ample time reserved for open discussion by delegates.

Hosted by

### WHO SHOULD ATTEND?

Government policy makers; aviation regulators and air services negotiators; industry executives dealing with government policies; international organizations and other parties interested in air transport regulatory policy (such as financiers, consultants, academics).

### THE BENEFITS

- ✍ Share the successes and lessons in liberalization
- ✍ Learn about expert views on current trends and issues
- ✍ Understand better various aspects of liberalization
- ✍ Gain valuable insight to the pros and cons of different regulatory approaches
- ✍ Useful for achieving a more coherent and balanced policy for the benefit of all
- ✍ Excellent networking opportunities

Held concurrently with:

**12th WORLD  
ROUTE DEVELOPMENT  
FORUM**

17-19 September 2006
