Presentation by:

TSHEPO PEEGE

Representative of South Africa on the Council of ICAO

Regional AVSEC Ministerial Conference, Sharm El Sheikh Egypt 22-24 August 2017

UN-2309

Noting with concern that the terrorism threat has become more diffuse, with an increase, in various regions of the world, of terrorist acts including those motivated by intolerance or violent extremism, and expressing its determination to combat this threat,

UN 2309 Continues

noting in this regard the high priority risk areas for aviation as identified by the Council of the International Civil Aviation Organization (ICAO), in its Global Risk Context Statement, and stressing the need for international aviation security measures to keep pace with the evolution of this threat,

further

Calls upon all States to work within ICAO to ensure that its international security standards are reviewed and adapted to effectively address the threat posed by terrorist targeting of civil aviation, to strengthen and promote the effective application of ICAO standards and recommended practices in Annex 17, and to assist ICAO to continue to enhance audit, capacity development and training programmes in order to support their implementation;

A/39

Reaffirm that aviation security must continue to be treated as a matter of highest priority and appropriate resources should be made available by ICAO and its member States

ICAO UNITING AVIATION

NO COUNTRY LEFT BEHIND

A/39 Continues

New and evolving threats, including cyber security, landside security and insider threats, technical assistance and **Strengthened Regional Cooperation**.

Regional AVSEC Ministerial Conference, Sharm El Sheikh Egypt 22-24 August 2017

A39 Further calls for

Support for the establishment of the a Comprehensive Regional Implementation Plan for aviation Security and Facilitation(SECFAL) in the Middle East Region and continued support for the existing AFI SECFAL Plan in Africa.

Therefore,
this meeting is definitely inline with the UN 2309
and A/39 resolutions in regional cooperation
and the way forward for GAsEP
