Symposium 2019

DESTINATION GREEN: THE NEXT CHAPTER

# UAE and CORSIA adaptation

- The UNITED ARAB EMIRATES in 2016 advised ICAO on its intention to voluntarily participate in the pilot phase of the CORSIA, on the understanding that a significant and large enough group of other major aviation States that collectively represent significant global emissions also participate in this pilot phase.”

ICAO Environmental  
Symposium 2019

DESTINATION GREEN: THE NEXT CHAPTER

# CORSIA introduction

26th Sep 2018: GCAA met with all local operators to introduce CORSIA Package, communicate the CORSIA manual and CORSIA implementation Timeline.

# UAE operators assessment

Reasons of CORSIA inapplicability were identified as follow:

- Takeoff weight limits
- Annual emissions limits
- Type of operation (Balloons operators – Helicopters)
- Status of the operator (Head state carrier)

Symposium 2019

DESTINATION GREEN: THE NEXT CHAPTER

# UAE Operators readiness

- CORSIA implementation Workshop:
  - 31 Jan 2019
  - 9 operators
- Key outcomes:
  - Assuring all operators compliance and readiness
  - Answering all related EMP submission inquires.
  - Sharing knowledge and experience between all operators in UAE
  - Prove UAE's engagements toward CORSIA implementation.
