

Global Aviation Cooperation Symposium

Montréal, Canada from 30 September to 3 October 2014

MEDIA PARTNERS AND SUPPORTING ORGANIZATIONS

MEDIA PARTNERS

Aerlines magazine is a free and non-profit internet journal on air transport matters, with a broad target readership of both academic and business backgrounds. Among our readers are students, researchers and business professionals. The board, editors and contributors participate on a voluntary basis.

The magazine is published four times per year and distributed electronically to all subscribers. Articles published in Aerlines report rather on implications of research conducted instead of the research process itself. Popular topics include Airline & Airport Economics; Aviation Policymaking; Air Law; Aeropolitical Matters; Air Cargo; & Air Safety. Aerlines magazine also publishes books and essay bundles on these topics.

Air Transport News (ATN) is a new, but increasingly popular online source of air transport industry information. It includes air transport industry news, expert analysis, interviews with industry professionals, event announcements and book presentations. ATN makes the air transport industry news more accessible and provides a forum where industry experts, professionals and academics exchange views and engage in constructive discussions. Established in 2006, the ATN has over 6,000 subscribers, including airlines, airports, and industry suppliers. Its website is a popular web address, which airline professionals turn to in a search for the latest airline news.

Air Transport World (ATW) has been the leading monthly magazine for the global airline industry for 47 years. ATW provides balanced international coverage, in-depth analysis and informative features, for its readers, airline management, airline industry executives and organizations, with information needed to compete in an ever-changing market. In-between issues, airline industry executives rely on ATWOnline.com, ATW's website, to keep up-to-date on the latest aviation news, including topics affecting the industry—traffic and aircraft transaction data, commentary and insights, and articles excerpted from ATW. ATW produces the annual Eco-Aviation Conference as well as the highly sought and most prestigious event in the airline industry —the Airline Industry Achievement Awards.

CANSO - The Civil Air Navigation Services Organisation – is the global voice of air navigation service providers (ANSPs) worldwide. CANSO Members support over 85% of world air traffic. Members share information and develop new policies, with the ultimate aim of improving air navigation services (ANS) on the ground and in the air. CANSO represents its Members' views in major regulatory and industry forums, including at ICAO, where it has official Observer status. CANSO has an extensive network of Associate Members drawn from across the aviation industry.

The **European Civil Aviation Conference (ECAC)** is an inter-governmental organisation of 44 Member States, established in 1955 to promote the continued development of a safe, efficient and sustainable European air transport system. Headquartered in Paris, ECAC seeks to harmonise civil aviation policies and practices amongst its Member States, and to promote understanding on policy matters between its Member States and other parts of the world. ECAC works in close liaison with ICAO, the Council of Europe, EUROCONTROL and the institutions of the European Union, as well as with a wide circle of organisations representing all parts of the air transport industry.

ECAC

EUROCONTROL, the European Organisation for the Safety of Air Navigation, is an intergovernmental organisation made up of 38 Member States and the European Community and has as its primary objective the development of a seamless, pan-European air traffic management (ATM) system.

Originally founded in 1960 as a civil-military Organisation to deal with air traffic control for civil and military users in the upper airspace of its six founding European Member States (Belgium, Germany, France, Luxembourg, the Netherlands and the United Kingdom), EUROCONTROL has developed into a vital European repository of ATM excellence.

Today, together with its partners, EUROCONTROL is committed to building a Single European Sky that will deliver the ATM performance required for the twenty-first century and beyond.

Latin America Civil Aviation Commission (LACAC)

The civil aviation organization of Latin American States was founded on 14 December 1973 (came into force on 21 October 1975, upon approval by 12 States situated in the area) during a meeting held in Mexico City and is formally called Comisión Latinoamericana de Aviación Civil (CLAC). The primary objective of this Commission is to provide the civil aviation authorities of the Member States with a suitable framework within which to discuss and plan all the necessary measures for co-operation and co-ordination of civil aviation activities. LACAC maintains close relations with ICAO in order to ensure the harmonization and co-ordination of its activities with the objectives and plans of ICAO.
