**Peter James BUDD, CBE
Consultant, ARUP**

Peter Budd is a Consultant to Arup and, until recently led Arup's aviation business globally.

Peter is Chairman of the DIT Airports Advisory Council which advises the British Government on matters relating to airport trade policy.

His experience includes tours of duty in East Asia, USA, the Middle East and Central Africa.

Arup has been involved in aviation development work for more than 50 years. During this period Arup has worked on a wide range of projects at airports throughout the world, learning from experience and applying the lessons learnt for the benefit of clients. Arup's airport offering ranges from transaction advice, landside, airside and terminal planning, sustainability and environmental engineering design, logistics, IT systems, security and operations and training. All of these areas of activity contribute to successful, sustainable airport development. Recent projects include Kunming Changshui International Airport, Terminal 3 Beijing, Terminal 5 Heathrow, JetBlue Terminal JFK, Rajiv Ghandi International Airport Hyderabad and Raleigh Durham Expansion USA.
