Recommendations

- **Improve delivery of information** (Availability and reliability of information – multiple languages, useful information)
- **Facilitate processes** to obtain visas (Reduce bottlenecks, such as personal interviews, needed documents, wait times)
- **Differentiated treatment** to facilitate tourist travel (For means of transportation (e.g. cruise ship passengers) or specified geographical areas or ports of entries)
- **Institute eVisa programmes** (If exempting from entry visa is not possible)
- **Establish regional agreements** (To move freely between member states once admitted by one of the member states)
