

Sanjay Dharwadker

Sanjay Dharwadker is currently Head of Global ID Consultancy at WCC, The Netherlands, and has over thirty years' experience in identity and identification across Asia, Africa and Europe.

His current focus areas are civil registration, evidence of identity, electronic travel authorization, privacy, social footprint, biometrics and biographics, especially for the EU, World Bank as well as ICAO, where he participates at the ICBWG. He is also a member of ISO and CEN/TC technical standardization committees on the subject.

He is currently engaged on the Technical Advisory Group of the Global Partnership for Sustainable Developmental Data, United Nations.

He represents WCC as advisory observer to the Secure Identity Alliance (SIA) and also works closely with OSCE/ODIHR on review of the legal frameworks and the identity management compendium. Previously, in India, he worked on various UNICEF as well as the World Bank programs.

He is a participant at The Hague Colloquium on the future of legal identity and writes regularly on the subject.
