

ICAO SEMINAR ON
GREEN
AIRPORTS

VIRTUAL EVENT, 29-30 NOVEMBER 2021

Agenda

Day 1 – Monday, 29 November 2021

08.30 – 09.05 OPENING REMARKS

The opening session will bring together the leadership on sustainable aviation and will set the scene for discussions on innovations in green airports, showing how the leadership of the airport community can enable the decarbonization of the sector.

WELCOME ADDRESS

Juan Carlos Salazar, Secretary General, ICAO

KEYNOTE SPEECH

Luis Felipe de Oliveira, Director General, Airports Council International (ACI World)

SETTING THE SCENE

Jane Hupe, Deputy Director, Environment, ICAO

09.05 – 10.05 SESSION 1: GLOBAL TRENDS IN AIRPORTS SUSTAINABILITY

Bringing together stakeholders to discuss the latest sustainability concepts associated with airports, this session will focus on the achievements in reducing the environmental impact of airports and the global key environmental management trends.

Speaker(s):

Juliana Scavuzzi, Senior Director, Sustainability, Environmental Protection & Legal Affairs, Airports Council International (ACI)

Rachel Burbidge & Andrea Freeburg, Climate Change Risk Assessment, Adaptation and Resilience Task co-Leads of CAEP WG2 “Airports and Operations”

Devy Suradji, Marketing & Services Director, PT Angkasa Pura I (Persero) Indonesia

H. Fatih Altay, Environmental and Water Management Manager, IGA Istanbul Airport

Question and Answer Period

10.05 – 10.10 BREAK

10.10 – 11.10

**SESSION 2:
CLEAN ENERGY TRANSITION THROUGH TECHNOLOGIES AND
INNOVATIONS**

Innovations in clean energy will be crucial to the future of aviation. This session will elaborate on accelerated clean energy transition through the broad range of environmental technologies and innovative solutions at airports. It will also provide the opportunity to discuss the broad range of clean energy technology, operational measures, upcoming challenges and opportunities.

Speaker(s):

Lakshminarayanan S, Vice President – Engineering & Maintenance,
Bangalore International Airport

Dallas Fort Worth International Airport (DFW), (speaker TBD)

Maxime Mahieu, Chief Executive Officer, Smart Airport Systems

Question and Answer Period

11.10 – 11.15

DAY 1 CLOSING

Day 2 – Tuesday, 30 November 2021

08.30 – 09.40

**SESSION 3:
TOMORROW'S AIRPORT INFRASTRUCTURE**

Looking towards future innovations at airport, this session will focus on the infrastructure requirements to produce, transport and supply alternative energy sources at airports. It will also address the challenges and opportunities associated with delivering new fuels and energy through airport infrastructure in order to create a greener and more sustainable aviation industry.

Speaker(s):

Rotterdam The Hague Innovation Airport, (speaker TBD)

Eric Cheung, Manager of Airfield Department, Airport Authority Hong Kong, China

Netherlands Airport Consultants (NACO), (speaker TBD)

Question and Answer Period

09.40 – 09.50

BREAK

09.50 – 10.50 **SESSION 4:
ENABLING GREEN AIRPORTS**

The session will focus on enabling green airports, including financing and the availability of funds for new innovations and cooperation amongst stakeholders, with panellists discussing the next steps in global environmental policy and strategy.

Speaker(s):

Ricardo Dupont, Civil Aviation Regulation Specialist - Environmental Protection, Brazilian National Civil Aviation Agency - ANAC

Jannike Ludvigsson, Project manager SAF and Climate Strategist, Swedavia AB

Tiago Lopes, Sector Expert, European Investment Bank

Question and Answer Period

10.50 – 11.15 **CLOSING**

Looking forward to the newest innovations on green airports, the closing of the event will reflect on the important role green airports will continue to play in the sustainability of the aviation sector.

Mohamed Rahma, Director, Air Transport Bureau, ICAO
