#### 11:00 – 12:30 Round Table Discussion Session “Benefits of liberalization of International Air Transport: Special focus on air cargo services”

There have been several key developments since the sixth Worldwide Air Transport Conference (ATConf/6), including efforts by ICAO to develop an international agreement to facilitate further liberalization of air cargo services on a global and multilateral basis. The discussion will highlight the benefits of aviation to economies, especially through the liberalization of air cargo services, and focus on what States and aviation stakeholders can do to support the removal of regulatory barriers, impediments and constraints, in particular, in the area of air cargo services.

<b>14:00 – 17:00</b>	<b>Special Event on “Improving the Regulatory Environment of Air Cargo Services”</b>
	This Special Event will address how to improve the regulatory environment to enhance the liberalization of cargo services up to 7th freedom traffic rights. The reliable and attractive air cargo services are critical especially for Small Island Developing States (SIDS), Landlocked Developing Countries (LLDCs) and Least Developed Countries (LDCs) to connect to distant markets in an efficient manner. Improving the regulatory environment will also contribute to the flourishing of e-commerce business. ICAO and industry experts will set the scene for interactive panel discussions with presentations on regulatory reforms required to fully liberalize air cargo services. The outcome of this special event will support the on-going work of the Air Transport Regulation Panel (ATRP) on developing an international agreement to facilitate further liberalization of air cargo services.
