SECOND ICAO NEXT GENERATION OF AVIATION PROFESSIONALS MODEL ICAO FORUM

Join us for a student-focused event during the second ICAO NGAP Global Summit (NGAP/2).

College and university students will work together and propose solutions to an aviation case study presented to a panel of aviation experts, across four simultaneous workshops, with prizes for the winning submissions and the chance to be published by ICAO.

Students will also have an opportunity to attend the Second ICAO NGAP Global Summit (NGAP/2) and engage with aviation professionals from corporate, government, and academic programmes, and gain in-depth knowledge about global needs for skilled engineers, pilots, air traffic controllers, technicians, lawyers, and managers in the years ahead.

Workshop 1

- Unmanned Aircraft Systems (UAS) Aviation for Next Generation

Workshop 2

- Dangerous Air Cargo

Workshop 3

- The Socio-Economic Benefits of Air Transport

Workshop 4

- Aviation Security

WHY SHOULD YOU ATTEND?

- Network with aviation and other professionals from Government, Industry and Academia
- Learn and make contacts for future career opportunities
- Participate in a Model ICAO Forum bringing together students from across the globe
