

Virtual Meeting of Directors General of Civil Aviation North America, Central American and Caribbean and South America

OACI SAM and OACI NACC

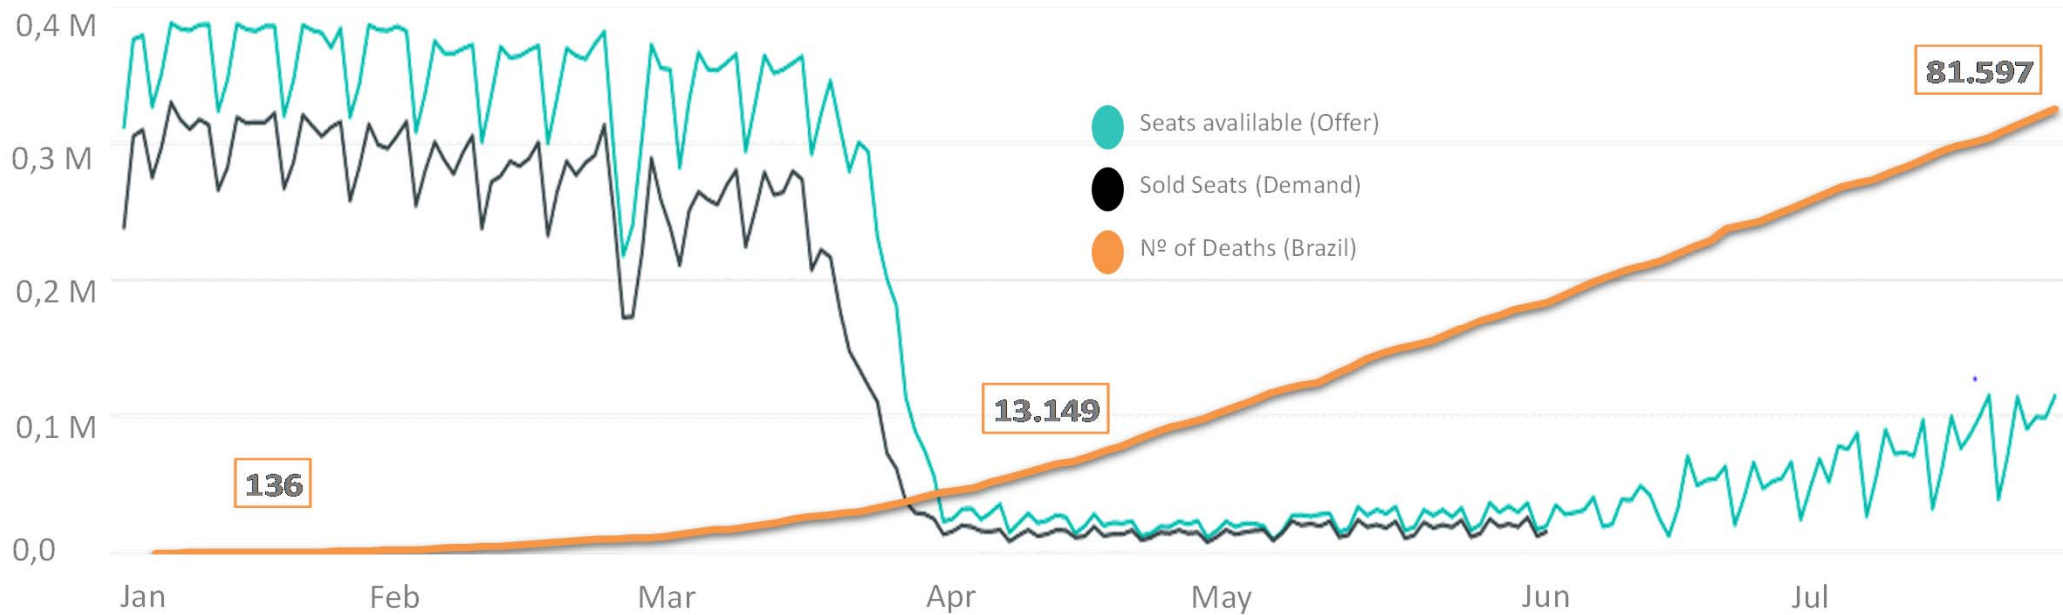

22 July, 2020

Action Plan

IMPACTS

Impact on Brazilian Aviation x Number of Deaths (Brazil)

Source: SIROS – ANAC/CONASS: <http://www.conass.org.br/painelconasscovid19/> (18/07/2020)

Lessons Learned

Fast tracks for subjects that need complex and urgent decisions

Global cooperation and harmonization

Timely Action and Flexibility to changing scenarios

Constant coordination and communication with all stakeholders

Coordination between Aviation and Health Authorities

Challenges

- **Financial sustainability of airports and airlines (short and long term).**
- **Re-starting air transport while maintaining the health safety levels.**
- **Harmonize national decisions.**

Thank you!
Gracias!
Obrigado!

Juliano Noman
Director – President
ANAC-Brazil
