GREPECAS Programmes and Projects Committee (PPRC) Third Virtual Meeting (ePPRC/03) Online, 22 – 23 July 2021

Agenda Item 3:GREPECAS organization and administration activities3.2Follow-up of GREPECAS improvements

FOLLOW-UP OF GREPECAS IMPROVEMENTS

(Presented by Secretariat)

EXECUTIVE SUMMARY

This Information Paper presents to the Members of the PPRC and to the CAR/SAM Planning and Implementation Regional Group (GREPECAS) Presidency the updated status of the Improvement Project to GREPECAS.

Strategic Objectives:	Air Navigation Capacity and EfficiencySafety
References:	 Document of the "GREPECAS Improvement Project", July 2018, Dominican Republic, IDAC Final Report of the Fifth Meeting of the Programmes and Projects Review Committee (PPRC/5) of GREPECAS, Mexico City, Mexico, 16 to 18 July 2019 Minute of the GREPECAS Programmes and Projects Review Committee (PPRC) Second Virtual Meeting (ePPRC/2), 30 October 2020

1. Introduction

1.1 During the PPRC/05 Meeting held from 16 to 18 July 2019 in Mexico City, Mexico, the WP/04 was presented which included the "*Preliminary Draft of the GREPECAS Automated Management System*", as part of the "Proposal for Improvements to GREPECAS", sent to the States through the ICAO NACC and SAM Regional Offices in April 2019. And which presented the proposal for improvements that the previous GREPECAS Presidency shared with the States, to promote among GREPECAS members; improvements for the benefit of the CAR and SAM Regions in alignment with the goals and objectives of GREPECAS.

1.2 The improvement proposal included a Strategic Plan for GREPECAS, with a deliverable for an Automated Project Management System, which would be donated by the Dominican Republic, which would not have higher costs for the Regional Offices or the States. To be implemented between 2019 and 2022, which would facilitate the management of the coordinators and rapporteurs of the monitoring and measurement of Air Navigation Programs and Projects.

1.3 The proposal was approved, leaving as evidence the document of the preliminary draft signed by the President of GREPECAS and the Secretariat, on behalf of the member states of the CRPP; which formalized the start of the tasks for the development of the Project management system.

1.4 For this purpose, the following Draft Conclusion was formulated:

CONCLUSION					
PPRC/05/02 PROPOSAL FOR IMPROVEMENTS TO GREPECAS					
What:		Expected impact:			
That, in order to increase the efficiency and effectiveness of GREPECAS for the benefit of the States and the CAR and SAM		⊠Political / Global			
Regions,		⊠Inter-regional			
a) the Member States of GREPECAS approv	e in principle the	□Economic			
proposal for improvements proposed by		□Environmental			
Chairpersonship included in Appendix B to this report;		⊠Operational/Technical			
b) the Regional Offices and the CAR and SAM States implement the improvements in the period 2019-2022 (Action Plan) by 30 November 2019; and					
c) the proposal on GREPECAS improvement formalized with the signature of the Chairperson of ICAO on behalf of the GREPECAS States by 30					
Why: To implement improvements to increase effici	ency and effectivene	ess of GREPECAS			
When: by 30 November 2019	Status: 🛛 Valid	Superseded / Completed			
Who: States SICAO Other:					

2. Update

2.1 Unfortunately, in 2020 with the appearance and worldwide spread of the COVID-19 pandemic, as well as its impact on all areas of the economy including the Aeronautical, Tourism and Business Industries in general, among many others, the process of adequacy to ICAO, which had been estimated for the Management System, was affected.

2.2 Subsequently, there was a change in the Authorities in the Dominican Republic and therefore the *Instituto Dominicano de Aviación Civil* (IDAC), which even when they resumed the Presidency of GREPECAS, the impact of COVID-19 is still in force, causing the already known difficulties in the economy. This has been a decisive factor in the GREPECAS Improvement Project.

2.3 Despite the adverse conditions, progress was made by the Secretariat in different topics of the Management System Project for improvements, which are detailed in the **Appendix** to this Information Note, but in general, progress is observed as follows:

Tasks by Areas	Number of tasks	Percentage	Analysis	
Diagnosis	2	75%	Of the 35 tasks in total, defined in the	
	2	50%	Appendix Table, which represent 100%,	
System Requirements	7	10%	the following progress behavior is	
Replaced by DASHBOARD	/	In Progress initial phase	observed:	
System Software	9	10%		
Replaced by DASHBOARD	9	In Progress initial phase	• Of which, <u>12 tasks</u> are between 50%	
	3	100%	and 100% of progress and their

	2	0%	progress in the tasks	
GREPECAS Website		90%	A weather 10 to the basis of a basis of	
	3	75%	• Another <u>19 tasks</u> have an advance between <u>10%</u> and <u>35%</u> are, which	
		65%	represent 54.28% of the total	
GREPECAS Image Change	2	80%-65%	represent 34.20 /0 of the total	
	2	35%-20%	• Only <u>4 tasks</u> did not start, so their	
	1	0%	progress was 0%, which represents	
Activities towards GREPECAS 19	1	80%	11.42% of tasks without progress.	
	1	30%	10	
	1	0%		
	Total Main	Tasks (Phase 1) 35 = 100%	6	

3. Conclusion

3.1 The GREPECAS Meeting agenda and agreements are reviewed to prioritize activities and tasks related to the Technological Platform for Planning, Programs and Projects through a Control Panel system (dashboard), as a monitoring and control mechanism and measurement of the efficiency of programs and projects, as well as the generation of timely reports, regarding the status of the Air Navigation Services (ANS) implementation.

INITIAL GOALS TO THE YEAR 2022

Goal 1) Increase the annual percentage of effective implementation of the projects proposed in the Working Groups.

Goal 2) Link the needs of the CAR/SAM States with the implementation projects of the Regions, contributing to regional initiatives, through the training of Human Resources.

- **Goal 3)** Establish an effective work methodology that guarantees the continuity of the work and the fulfillment of current and future goals.
- Goal 4) Establish a program for the exchange of good practices among the States, based on the objectives of the Global Air Navigation Plan (GANP) and the ICAO Global Aviation Safety Plan (GASP), through the GREPECAS and the Regional Aviation Safety Group–Pan America (RASG-PA) implementation projects.

3.2 Finally, the purpose is to support CAR/SAM States to identify the most appropriate operational improvements despite the fact that COVID-19 considerably affects all ANS. GREPECAS will support the States to evaluate air traffic changes and guarantee the provision of safety and optimal ANS, which present a reduction in passenger demand and travel restrictions imposed by the States, because of the COVID-19 pandemic that continues to cause serious public health concerns.

APPENDIX Tabla del estado de las actividades de mejora propuestas al GREPECAS (Fase 1) Status improvement Table of the activities proposed to GREPECAS (Phase 1)
