Dear Sir/Madam,

Following the implementation of regional automated protocols between States' Control Centres that facilitate the coordination of operations, the activities below will be developed:

1. ICAO/Eurocontrol Workshop on Eurocontrol's Base of Aircraft Data (BADA), to be held online on 3 August 2023, following the recommendations of the North American, Central American and Caribbean Working Group Air Traffic Services (ATS) interfacility data communication Task Force (NACC/WG/AIDC/TF) on the need for every CAR State to work on the update of the Air Traffic Control (ATC) aircraft database.

The workshop will be supported by Eurocontrol and the industry with the aim to assist CAR States in the process to update their ATC databases.

2. Sixth Air traffic services (ATS) Interfacility Data Communication (AIDC) and North American Interface Control Document (NAM/ICD) Implementation Follow-Up Meeting for the NAM/CAR Regions (AIDC/NAM/ICD/6).

Through this meeting, NAM/CAR States will provide the status of their AIDC and NAM/ICD protocols implementations.

... / 2

States and Territories of the ICAO NAM/CAR Regions and representatives of invited international organizations are expected to participate. The working languages of the Workshop and Meeting will be English and Spanish with simultaneous interpretation available.

Personnel attending the meeting must have the necessary profile and experience in ATC and Aeronautical message handling system (AMHS) database configurations, in the development of technical procedures and in the oversight of the ATC and AMHS database update. ATC personnel and Aeronautical Information Management (AIM) personnel are also invited to participate. **Appendix A** contains the workshop's provisional programme.

After the workshop, States must designate the Point of Contact (PoC) of their State who will be responsible for the ATC and AMHS database update. Members of the NACC/WG/AIDC/TF and ATC Services providers are invited to participate as well.

On the second day, States will have the opportunity to update the status of the implementation of the AIDC and NAM/ICD protocols. Please submit your State's AIDC and NAM/ICD Status of implementation by **30 July 2023**. **Appendix B** contains the provisional programme of the meeting.

In order to confirm your participation at this Workshop and Meeting and obtain the Zoom connection information, you need to register at the following link:
