**Subject: Workshop on Air Navigation Visual Aids – New Technologies  
(Lima, Peru, 7-11 May 2012)**

Action  
required: **Take note of the invitation and nominate participants before 13 April 2012**

Sir,

I have the honour to inform you that, within the 2012 activities programme, the ICAO South American Office has programmed the Workshop on Air Navigation Visual Aids – New Technologies, to be held in Lima, Peru, on 7-11 May 2012.

This workshop, being part of AGA runway safety programme, has the objective of informing the specialists about the new technologies in air navigation visual aids and their application, obstacles markings, lightening systems on surfaces outside obstacles limits and the best practices for States in the region.

The workshop includes a two-day mini-workshop on visual aids - new technologies to be presented by specialists from the United States Federal Aviation Administration (FAA).

The target audience for this workshop are the Civil Aviation Administration (CAA) officials involved in the visual aids area, airport operators and personnel related to the aerodrome visual and electric aids field.

I would much appreciate that your administration kindly informs airport operators about this workshop, since this topic directly affects the airports of the region. Also, I will be thankful that you can confirm your interest on participating in this workshop, returning the attached registration form to this Office **not later than 13 April 2012**.

Attached please find the draft programme and the general information for the workshop.

Accept, Sir, the assurances of my highest consideration.

Franklin Hoyer  
Regional Director  
ICAO South American Office  
Lima

#### 7. **Temperature**

Temperature in Lima during the month of May varies from 17°C to 20°C. The average humidity is of 75%.

#### 8. **Transportation from/to the airport**

There are authorized taxis services at the Jorge Chavez International Airport.

The rate to Miraflores or San Isidro (hotel area) is of approximately US\$ 20.00. This rate can be confirmed in counters at the Airport’s international arrivals area.

Taking into account the increase in assaults against persons who travel in the route to and from the airport, the following taxi companies are suggested:

Eurocar	Tel: +511 222-1010
	E-mail: <a href="mailto:ventas@eurocarperu.com">ventas@eurocarperu.com</a>
CMV Servicio Ejecutivo	Tel: +511 422-4838

19. **General recommendations in the event of an earthquake**

The city of Lima is within an earthquake area.

**During an earthquake**

- a) Keep calm.
- b) Stay away from windows, do not go to any balconies, and do not use elevators.
- c) Locate yourself in previously identified internal safety zones.
- d) Evacuate the premises only if conditions permit it; otherwise, minimize your movements.

**After an earthquake**

- a) Proceed to leave the premises, since quakes can continue.
- b) Evacuation must be carried out calmly, quickly and safely through the indicated routes.
- c) Stay in the evacuation site until the designated security team of the building has verified whether the installations are at risk.

**ICAO third and fourth floors emergency exits**

- a) In front of the elevator area are two emergency staircases.
- b) Both stairs end in the first floor of the building, in the main entrance area.
- c) Proceed down the staircases. Do not push or run; keep in line, move in one direction only; keep conversation to a minimum.
- d) Exit the building to allow free flow of other evacuees exiting behind you.
- e) Once outside the building and having your back to it, turn left towards the evacuation site, located across Víctor Andrés Belaúnde Avenue.
- f) Pay attention at all moment to the indications that the security team might make.
- g) You will be informed when there is no danger for your return to the facilities.
