ARCM Note No.: 03/18

ASUNTO: Modification of date
3rd ADREP/ECCAIRS Workshop

Buenos Aires, 29 January 2018

**TO the Aeronautical Authorities and AIG Focal Points
of the SAM Region**

Dear Sir/Madam,

I have the pleasure to write to you in order to inform you about the modification of date of the Third ADREP/ECCAIRS Workshop to participate in the Third ADREP/ECCAIRS Workshop in the framework of the AIG Regional Cooperation Mechanism (ARCM) of South America. This workshop will be held from **7 to 11 May 2018** at the ICAO South American Office, in Lima, Peru, or any State wishing to play host.

This modification of the date is due to the fact that the training room at the South American Regional Office is not available at the date initially proposed.

The workshop is addressed to aircraft accident and incident investigators of the ARCM member States, with the objective that every AIG organization have trained and qualified personnel to upload the events that occurred in their States through the ADREP/ECCAIRS platform, in the ARCM SDCPS, to upload notifications to the ICAO, and to achieve harmonization in data upload and validation.

We strongly recommend that each State send at least one investigator to this workshop in order to obtain maximum benefits from the topics addressed. There are no registration fees; air tickets and daily allowances are expected to be covered by each organization.

Since we need confirmation of the participants to begin the administrative arrangements for the workshop, we would appreciate if you could send confirmation of participation of each State to the following e-mail: info@arcm-sam.org, no later than **28 February 2018**.

Sincerely yours,

C.P. Ana Pamela Suárez
President of the ARCM
Executive Committee
