

F. Communicable disease outbreak national aviation plan

8.16 A Contracting State shall establish a national aviation plan in preparation for an outbreak of a communicable disease posing a public health risk or public health emergency of international concern.

Note 1.— Guidance in developing a national aviation plan may be found on the ICAO website on the Aviation Medicine page.

Note 2.— Annex 11 — Air Traffic Services and Annex 14 — Aerodromes, Volume I — Aerodrome Design and Operations require air traffic services and aerodromes to establish contingency planning or aerodrome emergency plans, respectively, for public health emergencies of international concern.
