Day 2 (09:00- 17:00) - Customized Workshops

Customized workshops will focus on the issues raised by the States and their specific needs. We therefore kindly request all participating States to provide their feedback through the questionnaire attached for maximum efficiency.

The objective is for each State to leave the Workshop with concrete short term action items. Both individual feedback within a group and group working sessions will be proposed.

The audience will be split into three working groups. Please confirm by return mail the group suitable to your State:

Group 1: States with no PBN implementation plan or plan at early stages of development

- *How to start*
- *Setting objectives*
- *Task sharing between stakeholders*

Group 2: States with existing PBN implementation plan judged insufficiently mature or without actual PBN implementation

- *Show stoppers*
- *PBN plan enhancement*
- *How to take actions for actual implementation*

Group 3: States with existing and mature PBN implementation plan together with some concrete PBN implementation

- *Synchronization with surrounding States*
- *Assistance to other States*
- *Specific issues / needs*
