## ANNEX 9 – AGENCIES / OTHER ENTITIES WHOSE FUNCTIONS or RESPONSIBILITIES ARE TO IMPLEMENT OR COMPLY WITH SARPS

## 15th Edition of Annex 9 (October 2017)

(Examine the functions of an agency to determine its responsibility for implementing a Standard or Recommended Practice (SARP). Nongovernment entities have the responsibility to comply with relevant SARPs, e.g. airport or aircraft operators, as appropriate.) [1 February 2018 version]

The table below applies to the <u>traditional</u> functions or services of "immigration" (measures adopted to control the entry into, transit through and departure of persons), "customs" (control over the movement of goods and personal items and collection of tariffs), and health (including quarantine) through international airports. In those cases where these functions are the responsibility of a single agency (e.g. merged "customs" and "immigration" functions), the table should be read, as appropriate.

• Definition or SARP Applicable Definition or SARP not applicable

"Contracting States" or "Each Contracting State" addresses the State, generally. If it is clear from a specific Standard or Recommended Practice (SARP) which agency is responsible for implementing the SARP in question, this is indicated in the table. If it is not clear from a SARP which agency is responsible for implementation, then the table indicates the Civil Aviation Authority (CAA), the agency that is ICAO's primary point of contact.

 $CAA^* =$  Even if a SARP does not directly fall within the responsibility, function, or purview of the CAA itself, close coordination and cooperation of CAA is essential with the agency or aircraft/airport operator responsible, in order to ensure compliance of the SARP in question.

Imm = Immigration (this also includes <u>border police</u> or other agency/department responsible for immigration-related functions at international airports).

TDIA = Travel Document Issuing Authority (i.e. the authority in the State issuing "ordinary" passports, "service" passports, "diplomatic" passports, "official" passports, identity documents that can be used for international travel (e.g. resident cards), refugee travel documents, documents for stateless persons, visas (as appropriate). If visas are issued by another authority, e.g. Foreign Affairs, Ministry of the Interior, or other, then the appropriate provision applies to this other authority.

| A/CR = Aircraft Operator | A/PRT = Airport Operator | ATC = Air Traffic Control | H/Q = Health/Quarantine |
|--------------------------|--------------------------|---------------------------|-------------------------|
| AS = Aviation Security   | NC = Narcotics Control   | LE = Law Enforcement      |                         |

"Other": e.g. refugee agency; in case of visas, if such are issued in the State by an authority other than a "TDIA"

A <u>number of articles of the Chicago Convention</u> have special pertinence to the provisions of Annex 9. Persons responsible for the implementation of the provisions of the Annex should bear in mind the following articles: 10, 11, 13, 14, 22, 23, 24, 29, 37 and 38.
