Sir/Madam

I wish to refer to the Twenty-second AFI Planning & Implementation Regional Group Meeting (APIRG/22), held in Accra, Ghana, from 29 July to 2 August 2019, which called for the ICAO's action through its Conclusion 22/32 as follows:

That:

- a) ICAO to expedite the development of a harmonized methodology to be used by all regions on the reporting of deficiencies;*
- b) That the Database be improved to enable States upload evidence for the closure of deficiencies;*
- c) States to appoint Focal points to be trained by ICAO; and*
- d) ICAO ESAF and WACAF Regional Offices hold workshops to train Focal Points on how to interact with the database.*

In view of the above, your Administration/Organization is kindly invited to participate to the virtual Workshop on the operationalization of the AFI Air Navigation Deficiencies Database (AANDD), scheduled from 23 to 24 November 2021. The draft work programme of the workshop is provided in attachment A. Activities will be conducted in English and French with simultaneous interpretation.

To take full advantage of the workshop, the participation of States/Organizations AANDD Focal Points in addition to qualified and experienced personnel of Civil Aviation Authorities, Organizations, Air Navigation Service Providers, Airports Operators and Airlines in charge of Air Navigation Capacity and Efficiency related matters, is particularly recommended. In this regard, States/Organizations that have not yet nominated their AANDD Focal Points (see attachment B) are kindly requested to do so by 23 November 2021.
