

CORSIA Aeroplane Operator to State Attributions

This is a preliminary version of the ICAO document “*CORSIA Aeroplane Operator to State Attributions*” that has been prepared to support the timely implementation of CORSIA from 1 January 2019. It contains aeroplane operators with international flights, and to which State they are attributed, based on information reported by States by 30 November 2018 in accordance with the *Environmental Technical Manual* (Doc 9501), Volume IV – *Procedures for Demonstrating Compliance with the CORSIA*, Chapter 3, Table 3-1.

Terms used in the tables on the following pages are:

- **Aeroplane Operator Name** is the full name of the aeroplane operator as reported by the State;
- **Attribution Method** is one of three options as selected by the State: "ICAO Designator", "Air Operator Certificate" or "Place of Juridical Registration" in accordance with Annex 16 – *Environmental Protection*, Volume IV – *Carbon Offsetting and Reduction Scheme for International Aviation (CORSIA)*, Part II, Chapter 1, 1.2.4; and
- **Identifier** is associated with each Attribution Method as reported by the State:
 - If the Attribution Method is "ICAO Designator", the Identifier is the aeroplane operator's three-letter designator according to ICAO Doc 8585;
 - If the Attribution Method is "Air Operator Certificate", the Identifier is the number of the AOC (or equivalent) of the aeroplane operator;
 - If the Attribution Method is "Place of Juridical Registration", the Identifier is the name of the State where the aeroplane operator is registered as juridical person.

Disclaimer: *The designations employed and the presentation of the material presented herein do not imply the expression of any opinion whatsoever on the part of ICAO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.*
