AND REDUCTION SCHEME FOR INTERNATIONAL
AVIATION**

Dear Dr. Liu,

Greetings from the Civil Aviation Authority of the Philippines!

We write to formally express our intention to voluntarily participate in the Carbon Offsetting and Reduction Scheme for International Aviation beginning 01 January 2019.

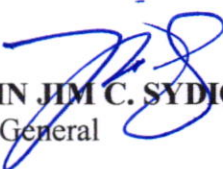

In this regard, may we respectfully request the assistance and support of ICAO's Environment Air Transport Bureau as regards implementation, monitoring, review and verification of our State Action Plan. CAA Philippines has likewise initiated efforts in preparing the legal framework for the implementation of CORSIA in our area of responsibility.

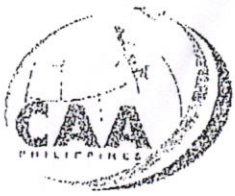

Allow us also to express our gratitude for the learnings gained on CORSIA principles and procedures by our personnel who participated in the Regional Seminar on State Action Plans and CORSIA held last April 2017 in Jakarta, Indonesia and the CORSIA Buddy Partnership activity in the Philippines conducted by the Korea Transport Institute last November 2018.

Rest assured we are strongly behind and fully supportive of ICAO's advocacy for environmental protection.

Thank you.

Very truly yours,
