

## Results of the Survey on Implementation of ICAO Regional Conclusions

### Key Insights Recommendations

#### Executive Summary

1. The majority have established mechanism, with some still under development or lacking.
2. Review are mostly conducted annually, with some ad-hoc or post major icao meetings
3. Common challenges include funding, training, coordination, and technical guidance.
4. Training and resource constraints are prevalent issues.

#### Recommendations

1. finalize and implement mechanism for under development or lacking.
2. adopt consistent review practices, preferably annually or post-major ICAO meetings
3. address funding, training, and coordination gaps through targeted support and resources.
