

# Update on Cooperation Projects

*Presented by China*

# Cooperation Projects

- China-ASEAN Cooperation Program
- Bilateral cooperation with Cambodia and Nepal
- Potential technical project, e.g. Application of Beidou-Based ADS-B technology

# China-ASEAN Cooperation Program

## Aviation Safety Management Training Course

- Sponsored by China
- Held in Beijing June 8-12, 2015
- 13 Attendees from 5 ASEAN countries, including Cambodia, Nepal, and Indonesia.
- Similar training course planned in 2016 and beyond.

# Bilateral Cooperation Projects

## Cambodia

- High-level official visit.
- Cooperation discussed and project in agreement.
- Positive response.

## Nepal

- Email exchanges. Awaiting further response.

... As the future step,  
New States in consideration,  
More resources in need.  
(e.g. funding, experts, partners)

# Potential Technical Project:

## *Promoting Beidou-Based ADS-B Application*

- To enhance aviation safety and promote cooperation between China and other Asian States in the field of aviation data and communication network.
- Interested States to be selected.

**Thank you!**
