2.3: Part 3 — Dangerous Goods List, Special Provisions and Limited and Excepted Quantities

PACKING INSTRUCTION APPLICABLE TO UN 1968, INSECTICIDE GAS, N.O.S.

(Presented by D. Brennan)

SUMMARY

This working paper proposes the removal of PI 203 and PI Y203 for UN 1968.

Action by the DGP-WG is in paragraph 2.

1. INTRODUCTION

1.1 It has been identified that Table 3-1 shows UN 1968, Insecticide gas, n.o.s. as being assigned to Packing Instruction 203 and in limited quantity in Packing Instruction Y203, in addition to being assigned to Packing Instruction 200.

1.2 Assignment of UN 1968 to Packing Instruction 203 and Y203 would permit the substance to be shipped in metal aerosols with a capacity of up to 1 L. A review of the UN Model Regulations however identifies that UN 1968 is only assigned to P200, except that the substance may be shipped in limited quantity, but with a limit of 120 mL per article.

1.3 Based on the requirements of the UN Model Regulations it is believed that UN 1968 should only be assigned to Packing Instruction 200.

2. ACTION BY THE DGP-WG

2.1 The DGP-WG is invited to revise the entry for UN 1968 in Table 3-1 as shown:
