Human Resources Working Group

OUTLINE

- ❑ Framework for harmonization of aviation training in Africa
- ❑ Regional Training Policy
 - ❑ Its role in the framework for harmonization of aviation training in Africa;
 - Objectives
 - Scope
 - Principles
 - Roles and Responsibilities

FRAMEWORK FOR HARMONIZATION OF AVIATION TRAINING IN AFRICA

ROLE OF THE TRAINING POLICY IN THE FRAMEWORK FOR HARMONIZATION OF AVIATION TRAINING IN AFRICA

- Harmonize competencies requirements for key aviation specialists skills/jobs/functions;
- Harmonize requirements for the approval of training organizations;
- Establish common criteria for mutual recognition of credits, certificates, diplomas, or degrees delivered by aviation training organizations in Africa.

OBJECTIVES

- Ensure that aviation professionals are adequately trained for better achievement of safe and secure aviation operations in Africa, through standardised and harmonised training requirements

SCOPE OF THE POLICY

1

ATO's will give effect to the accreditation and approval of the ATO's in line with the relevant ICAO Training standards

2

To give effect to the establishment of the Association of African Training Organizations (AATOs)

3

To give effect to the implementation of the Centers of Excellence (COEs)

4

To give effect to the establishment of the Training Advisory Board (TAB)

5

The States by conducting oversight activities to ensure that all aviation training organisation and programmes are adequately and properly approved

POLICY PRINCIPLES

- Consistency
- To be in line with strategic objectives and provisions

- Transparency
- The states and ATO's to make available all information regarding courses and qualify systems

- Mutual Respect
- Accept regional accreditation and approval system and implement cross-border recognition of certificates, diplomas and degrees

- Sharing
- Benchmarks between States, training organisations
