

## Celebrating International Women's Day with an Inspiring New Opportunity!

The [European Union Aviation Safety Agency \(EASA\)](#) and [the ICAO Asia and Pacific \(APAC\) Regional Office](#) are pleased to announce the launch of the “**Gender Equality in Aviation Short Video Contest**” for Southeast Asia.

In recognition of International Women's Day, we're calling on students and apprentices across [ASEAN \(Association of Southeast Asian Nations\)](#) to bring their creativity, storytelling, and digital talents to advocate for gender equality in aviation.

We invite you to create a powerful, social-media-ready short video that shines light on gender equality in aviation and inspires others to join the movement.

The contest aims to inspire young talent to:

- **Raise awareness** about the importance of gender balance in the aviation sector
- **Challenge stereotypes** and highlight real opportunities for women and men  
**Showcase diverse aviation career paths**
- **Propose ideas and reflections** that contribute to a more inclusive and equitable aviation community

Let your voice be heard. Let your creativity soar.

 Learn more about eligibility, deadlines, prizes, and how to participate:  
<https://www.easa.europa.eu/en/gender-equality-aviation>

Let's work together to make aviation a field where *everyone* can rise.
