Collaborative Arrangement for the Prevention and Management of Public Health Events in Civil Aviation

- Programme managed by ICAO with support from WHO and other stakeholders
- **Multi-sector collaboration:** Aviation, Public Health, Security & Immigration, Emergency and disaster response, etc.
- Global, regional, national and local **levels**

- Ensure continued flight operations with minimal operational restrictions
- Prevent the spread of COVID-19 through air travel
- Protect the health and safety of crew and passengers
- Coordinated approach with harmonized procedures and requirements
- Risk-based approach specific to aviation operational environment
- Taking into account safety management principles
- Monitoring scientific developments
- Updating guidance material accordingly

CAPSCA PUBLIC HEALTH CORRIDORS

The Implementation Mechanism of the CART Take-Off Document

Recommendation 4:

Global and regional harmonization of procedures is essential to strengthen public and passenger confidence in air travel. To that end, Member States should establish aviation public health procedures aligned with the guidance in the *Take-off: Guidance for Air Travel through the COVID-19 Public Health Crisis*.
