

# **REVIVING AIR TRAVEL - SHARING ON SINGAPORE'S EFFORTS**

HAN, Kok Juan

Deputy Secretary, Singapore Ministry of Transport

Senior Deputy Director-General, Civil Aviation Authority of Singapore

A photograph of an airplane flying through a sunset sky, viewed from inside an airport terminal through a glass and metal structure. The sky is a mix of orange, yellow, and blue, with some clouds. The airplane is a large commercial jet, seen from a low angle, flying towards the right. The foreground shows the dark, geometric lines of the terminal's roof and walls, creating a sense of depth and perspective.

# Reviving Air Travel

Reciprocal Green Lanes

Unilateral Openings

# ACCRPG Discussions in Practice

Starting with countries/regions with comparable risk

Going beyond essential travel to include general travel

Doing pre-departure testing

# But We Cannot Do This Alone

Build support for countries to  
reconnect

Consider measures such as pre-  
departure testing to lower risk and  
build confidence
