

ICAO

Fifth Meeting of the Asia/Pacific Airport Collaborative Decision Making Task Force (APA-CDM/TF/5)  
Video Conferencing, 15 to 17 June 2020

## Agenda Item 2: Review Outcomes of Related Meetings/Seminars

### ASIA/PACIFIC SEAMLESS ANS PLAN

(Presented by the Secretariat)

#### SUMMARY

This paper introduces the Asia/Pacific Seamless Air Navigation Service (ANS) Plan Version 3.0 published in November 2019.

## 1. INTRODUCTION

1.1 ICAO Doc 9750 Global Air Navigation Plan (GANP) contained the vision of an integrated, harmonized and globally interoperable ATM system until and beyond 2028. To achieve this objective, the involvement and active participation of States from each of the seven ICAO Regions is essential. To facilitate the adaptation process of global expectations, the Asia/Pacific Seamless ANS Plan (formerly known as Asia/Pacific Seamless ATM Plan) was created.

1.2 With reference to GANP, Aviation System Block Upgrade (ASBU) elements related to Airport Collaborative Decision Making (A-CDM) had been incorporated into the Asia/Pacific ANS Plan.

## 2. DISCUSSION

2.1 Version 3.0 of the Asia/Pacific Seamless ANS Plan was published in November 2019 subsequent to review by ATM/SG/7 (Bangkok, Thailand, 5 to 9 August 2019) and approval by APANPIRG/30 (Bangkok, Thailand, 4 to 6 November 2019).

2.2 In connection to the approval, APANPIRG/30 adopted the following Conclusion:

#### **Conclusion APANPIRG/30/5: Asia/Pacific Seamless ANS Plan**

That, given the urgency and priority of Air Navigation Service (ANS) planning and modernization, and the lack of progress in implementing the Aviation System Block Upgrade (ASBU) Block 0, Asia/Pacific States are urged to:

- (1) review Version 3.0 of the Asia/Pacific Seamless ANS Plan appended as **Appendix A to the [APANPIRG/30] Report on Agenda Item 3.2**; and
- (2) consider utilising the Asia/Pacific Seamless ANS Plan to develop a National Air Navigation Plan (NANP) after considering the NANP Template at **Appendix B to the [APANPIRG/30] Report on Agenda Item 3.2**, to enable timely implementation of applicable Seamless ANS elements.

2.3 Version 3.0 of the Asia/Pacific Seamless ANS Plan is available at ICAO APAC Office Website under *APAC Electronic Documents* and *ATM* category. URL of the webpage is <https://www.icao.int/APAC/Pages/eDocs.aspx#tabs-3>. Alternatively, the Plan may also be accessed through this direct link:
