**Subject:** Operational measures to ensure safe operations during the COVID-19 pandemic

**Action required:** a) Note the information, b) Provide information as requested in paragraphs 7 and 8

Sir/Madam,

1. I have the honour to refer to the COVID-19 by air transport and to protect the by maintaining essential aviation transport operations as in due course. In this respect, it has come to my attention that the closure of work spaces and other preventive measures enable service providers and personnel to maintain their approvals during the COVID-19 pandemic.

2. Service providers and aviation personnel where their State is with regard to the COVID-19 pandemic supporting commercial air transport world the pandemic measures, the potential for the disruption of operations during these difficult times, I encourage you to continue to adhere to their obligations under the Chicago Convention).

3. ICAO estimates that States may have COVID-19 related aviation contingency measures in place to some extent until 31 March 2021. To assist all States and relevant stakeholders, ICAO has

Accident and Incident (AIG)

## COVID-19 Safety Operational Measures

Due to the urgent need to reduce the risks related to the COVID-19 pandemic by air transport and as a result of social distancing practices, closure of workspaces and other public health intervention measures, a number of States are taking various actions to enable service providers and personnel to maintain the validity of their certificates, licenses, and other approvals during the COVID-19 pandemic.

For States to be flexible in their approaches while at the same time adhering to International Civil Aviation (Doc 7300, Chicago Convention).

Please use of this website and inform ICAO of any developments in their State using the site, which will be maintained by ICAO through 31 March 2021 unless

## Webinars – Scheduled & Archived

## FAQs and useful Links to States and partner organizations

## Meeting is invited to:

- Note the information in this paper and encourage states to comply fully with Core-CCRD SARPs accommodating harmonization efforts;
- Try and Achieve 100% status for APAC region on CCRD ASAP; and
- Encourage states to facilitate other state's Differences filed on CCRD Platform, based on Risk Mitigation Measures as much as practicable when resuming Flights.
